New Sleeper Feature: Auto Subs

Designate subs for starters and if starter is inactive, sub is auto swapped

Bozo Vote

Option 1:
Sub must have
same or later
game time

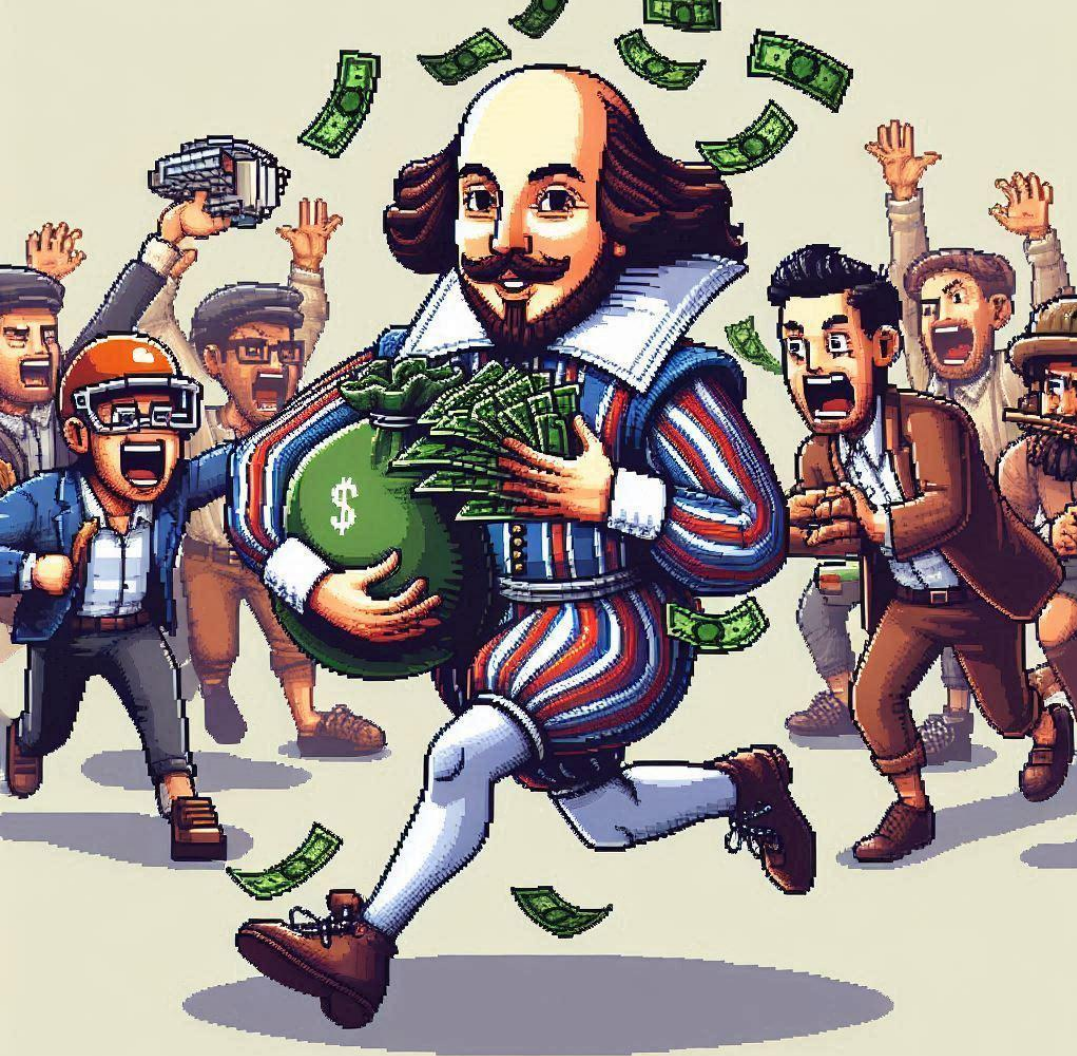

Example...
You can only set a sub
for a SNF starter from
SNF or MNF

*Just saves from
scrambling or asking for
commish help if mgr
unavailable right b4 kickoff
default if vote tie*

Option 2:
Sub can have
ANY game time
within week

Example...
set a TNF player as sub for
a MNF starter. If MNF
starter ends up inactive,
you get TNF player's pts

*Saves from scramble /
commish help PLUS
enables mgr to not have
to make tough, early calls
related to injuries*

Draft Reminders

Nomination order has been randomly set

Nomination Time: 30 seconds (don't take this long...
at 15 secs everyone can harass you)

Bid Time: 10 seconds (resets to 10 secs w/ bids)

If you bid more than the next person, ALL of what you
bid is deducted

Nominating a player = \$1 bid

System forces you to have at least \$1 for each roster
spot ... NO \$0 players

EVERYONE be on the lookout for disconnects and
shout so we can pause

Good Luck.
You sux.
